ON TAKING LIFE EASY

Assisted by a "Romelink" Couch Hammock

With most of us life is a beastly rush, from rising in the morning till bedtime. In a direct, or in an aimless way, according to our habit, we scramble from one task to another, and the hours of ease are few and far between. But when a rest time does come—oh boy! To stretch out in a good Couch Hammock, on a breeze-swept verandah, with a cigar or pipe if you be of the masculine persuasion, or with some sweets to nibble at if you are of the more deadly sex—that is the life. If Omar Khayyam had only owned a good Couch Hammock he would have added one more delight to his wilderness repertoire. His book of verse, his jug of wine, the object of his rhapsody, would still have been there, but to the list would have been added a noble Couch Hammock with good springs, which he could have slung beneath the bough—and then old Omar would sure enough know perfect contentment.

CITY PLANT BOOSTS RATES FOR GAS

New rates to be charged users of gas, which will go into effect on the first of August have just been announced by the Norwich Gas and Electric department, which is advertising the new rates, according to the legal requirement that they must be advertised for a month before they are put into effect.

The new rates will reach the smaller users of gas, it was stated at the gas office Thursday afternoon, where it was also said that it means just as much trouble to look after the man who uses only a few thousand cubic feet per month as the one who uses many thousands.

The gas and electric commissioners state that they are obliged to make the rates in rate because of the excessive increase of the cost of all material entering into the manufacture of gas. There is no change in electric lighting rate except to raise the minimum charge from 50 cents to \$1.00 per month, which is the meter charge whether any electricity is used in the month or not.

Previously there have been four rates charged, according to amount of gas used. The new schedule of prices provides for six different rates.

On the old rate the minimum charge or meter charge, was 50 cents per month. This is now raised to \$1. The former rate was \$1.50 per thousand cubic feet for all up to 30,000 feet, \$1.35 per thousand feet for all using from 30,000 to 150,000 feet, and \$1.15 per thousand cubic feet for all over 150,000 feet.

The new rates announced are:
First 100 cubic feet month \$1.00.

Next 400 cu. ft. per month @ \$2.00 per M cu. ft.
Next 1,500 cu. ft. per month @ \$1.80 per M cu. ft.
Next 15,000 cu. ft. per month @ \$1.50 per M cu. ft.
Next 55,000 cu. ft. per month @ \$1.35 per M cu. ft.
All over 55,000 cu. ft. per month @ \$1.15 per M cu. ft.
Minimum charge \$1 per month or fraction thereof.

It was stated at the gas office that the only customer to come under the old lowest rate of \$1.15 was the American Thermos Bottle factory, the largest users of gas, and that the United States Finishing Co. was the next largest user of gas and came under the medium rate of \$1.35.

An announcement just made in Middletown of a gas meter charge of 75 cents per month from June 30 and a raise in the gas rates has stirred up a storm of protest there. It is claimed the gas costs the consumer \$1.40 per month when the cost to the company is \$1.14. The Hartford Electric Light Co. has just announced that beginning August 1 it will increase its price of current 10 per cent. to all except residential customers. The latter are now paying 1-2 cents per kilowatt hour, which is the maximum rate. The increase will apply to all to whom current is now sold at less than the residential lighting rate, which means all the commercial, industrial and other large consumers of electricity. The increase is graduated from 15 per cent. to a maximum increase of 1-2 cent per kilowatt hour.

AUTOMOBILES COLLIDE AT MAIN AND SHETUCKET STREETS

Automobiles driven by Calvin H. Frisbie of 53 McKinley avenue and Earl G. Schlager of 9 Brown street collided about 7 o'clock Thursday evening at the corner of Main and Shetucket streets. Mr. Frisbie was driving down Broadway to cross into Shetucket street at the time and Mr. Schlager was coming along Main street towards Franklin street. The latter's car had its windshield broken, mudguard bent and a spring damaged, but the Frisbie car was practically unharmed.

PACK 12 BAGS WITH CLOTHING FOR ARMENIANS

Twelve big burlap bags of clothing contributed for the Armenians were packed on Thursday at the Osgood Memorial to be sent to the Near East Relief headquarters in New York.

Norwich people responded generously to the call for warm winter clothing, contributing articles worth altogether about \$1,000. It is estimated. The bags will be sent off to New York this (Friday) afternoon, but there is still time for more clothing to be received and packed if it is sent to the Osgood Memorial this morning.

The bags used for packing were contributed by the Max Gordon & Son Corporation and by R. F. Smith.

JEWETT CITY

Arthur Couture, 12, died at Backus hospital Thursday afternoon. The case was unusual, as the cause of his disease was obscure. While playing ball he sprained his ankle. No bruise or cut was noticeable. Sunday he developed high fever and became delirious. Blood-poison had set in, and he was taken to Backus hospital.

He died Thursday. He was the oldest child of Rosanna Robinson and Joseph Couture. He was born in Williamstown Dec. 7, 1907. He was a student at Riverside Grammar school, a quiet, well-behaved lad, much liked by the teachers and his companions. He is survived by his parents, three sisters, Doris, Emma and Rena and two brothers, Louis and Earl. Much sympathy is felt for the family in their sudden bereavement.
